

Notice

July 14, 2008

The Canadian Nuclear Safety Commission (CNSC) makes legislative, policy and administrative decisions in accordance with the *Nuclear Safety and Control Act*. This notice serves to announce the Commission decisions made at a recently held public meeting.

Following a public meeting of the Commission held on June 10, 2008, in Ottawa, Ontario, the Commission:

1. approved Regulatory Document RD-346, *Site Evaluation for the Nuclear Power Plants* for final publication and use.
2. approved Regulatory Document RD-337, *Design of New Nuclear Power Plants* for final publication and use.

English and French versions of RD-337 and RD-346 will be made available on the CNSC Web site at a later date.

The minutes for the June 10 meeting will include the above items and be tabled for the approval of the Commission at the next scheduled meeting on August 21, 2008. The approved minutes will be available soon thereafter, on the CNSC Web site at www.nuclearsafety.gc.ca or by contacting the CNSC.

The CNSC regulates the use of nuclear energy and materials to protect health, safety, security and the environment and to respect Canada's international commitments on the peaceful use of nuclear energy.
