

Notice of Hearing

April 26, 2013

Ref. 2013-H-101

The Canadian Nuclear Safety Commission (CNSC) will hold a hearing on April 30 to consider the request from the Saskatchewan Research Council (SRC) for an exemption from cost recovery fees for its SRC SLOWPOKE-2 reactor facility, located at the University of Saskatchewan in Saskatoon, Saskatchewan.

The Commission has determined that a public hearing is not necessary to consider the request from the SRC in this case. The hearing will be conducted by way of written submissions from CNSC staff and the SRC, as well as an oral presentation from the SRC.

Following the deliberations and decision of the Commission on this matter, a *Record of Proceedings, including Reasons for Decision* will be published on the CNSC Web site and made available to the public.

CNSC staff's recommendations and the hearing submission from the SRC are not available on-line and must be requested through the Secretariat at the address below:
