Revision 1

## **Consolidated Interim Status Report for Ontario Power Generation's Darlington, Pickering and Western Waste Management Facilities**

The Canadian Nuclear Safety Commission (CNSC) announces a change to the public meeting date for the presentation of the *Consolidated Interim Status Report for Ontario Power Generation's Darlington, Pickering and Western Waste Management Facilities* (WMF Report).

The WMF Report will be presented on **June 17, 2015**, instead of June 18, as originally announced.

This second consolidated interim status report provides an update on Ontario Power Generation's (OPG) performance at the Darlington, Pickering and Western WMFs from July 2010 to December 2014. The WMF Report includes information about CNSC compliance activities during the reporting period, OPG's response to inspection findings, as well as CNSC staff's overall conclusions regarding OPG's management of the WMFs.

Meeting date: **June 17, 2015**  
Place: CNSC Public Hearing Room, 14th floor, 280 Slater Street, Ottawa, ON  
Time: As set by the agenda published prior to the meeting date

The WMF Report filed by CNSC staff and the written submissions filed by OPG and participants are now available upon request to the Secretariat.
