

Notice of Participation at a Commission Meeting

April 28, 2015

Ref. 2015-M-01

Consolidated Interim Status Report for Ontario Power Generation's Darlington, Pickering and Western Waste Management Facilities

The Canadian Nuclear Safety Commission (CNSC) will hold a meeting on June 18, 2015, during which CNSC staff will present the *Consolidated Interim Status Report for Ontario Power Generation's Darlington, Pickering and Western Waste Management Facilities* (WMF Report). This second consolidated interim status report provides an update on Ontario Power Generation's (OPG) performance at the Darlington, Pickering and Western WMFs from July 2010 to December 2014. The WMF Report includes information about CNSC compliance activities during the reporting period, OPG's response to inspection findings, as well as CNSC staff's overall conclusions regarding OPG's management of the WMFs.

Meeting date: June 18, 2015
Place: CNSC Public Hearing Room, 14th floor, 280 Slater Street, Ottawa, ON
Time: As set by the agenda published prior to the meeting date

The public is invited to comment, in writing, on this meeting item. Written submissions must be filed with the Secretary of the Commission by May 28, 2015, either online – at nuclearsafety.gc.ca/eng/the-commission/intervention – or via the coordinates below. Please include your name, address and telephone number.

You may submit your personal information on a separate page if you wish to ensure its confidentiality. It should be noted that all submissions are available to the public upon request to the Secretariat.

The WMF Report is available upon request to the Secretariat. The agenda for the meeting will be available after June 2, 2015 on the CNSC website at nuclearsafety.gc.ca.
