# JULIE DZEROWICZ

MEMBER OF PARLIAMENT for DAVENPORT

---

Commission Secretariat  
Canadian Nuclear Safety Commission  
280 Slater St.  
Ottawa, ON  
K1P 5S9

**Intention to Intervene:**

**Submission re BWXT Nuclear Energy Canada Inc. request to renew licence FFOL-3620.01/2020**  
**Hearing Date: March 2 and 3, 2020, Toronto**

**Name: Julie Dzerowicz, Member of Parliament for Davenport**

For over four years, I have represented the riding of Davenport and its constituents, where BWXT Nuclear Energy Canada Inc. is located. I have become engaged on issues raised by Davenport residents regarding BWXT.

They have come to me with many concerns about their safety, the safety of their children, and general anxieties especially considering the location of BWXT is currently within a densely populated neighbourhood.

Many residents have expressed a desire for more information and transparency from the Canadian Nuclear Safety Commission (CNSC) and BWXT, including the potential hazards the facility poses. I appreciate their concerns, not only as Davenport's Member of Parliament, but also as a resident who has lived in the riding for over 20 years.

I would like to request the opportunity to speak at the re-licencing hearings taking place on March 2 and 3, 2020 at Casa do Alentejo in Toronto to represent and speak to my constituents' concerns.

I will be speaking on the following:

1. Whether or not BWXT Nuclear Energy Canada Inc.'s licence be renewed.
2. In the event that BWXT's licence to operate is renewed, additional considerations to be made re transparency, safety and decontamination.

Should you require additional information from me, kindly reach out to Monica Bento in my office who is happy to coordinate a call and/or fulfill any additional information requests.

Thank you for your time and consideration.

Sincerely,

Julie Dzerowicz  
Member of Parliament  
Davenport
