

Revised Notice of Public Hearing

August 27, 2026

Ref. 2026-H7

Revision 2

CNSC to conduct public hearing on application from Ontario Power Generation to refurbish Pickering Nuclear Generating Station and to renew licences for the Pickering Nuclear Generating Station and Waste Management Facility

The Canadian Nuclear Safety Commission (CNSC) will hold a 2-part public hearing to consider an application from Ontario Power Generation (OPG). OPG's application was to request authorization to refurbish the [Pickering Nuclear Generating Station](#) (PNGS), as well to renew the power reactor operating licence for the PNGS and the waste facility operating licence for the Pickering Waste Management Facility (PWMF) for a 10-year period. Both facilities are located at the Pickering nuclear site in Ontario, on the traditional lands and waters of the Michi Saagiig Anishinaabeg, the Gunshot Treaty (1877–88), the Williams Treaties (1923), and the Williams Treaties Settlement Agreement (2018). **This revised notice is to announce the dates for Part 2 of the hearing. Part 2 of the hearing will take place at the Durham Convention Centre in Ajax, Ontario, from October 6 to 9, 2026.**

OPG's current power reactor operating licence for the PNGS and waste facility operating licence for the PWMF are valid until August 31, 2028. OPG is currently authorized to operate PNGS Units 5 to 8 until December 31, 2026. As part of its application, OPG is seeking to consolidate the licensed activities of the separate licences into a single Pickering power reactor operating licence.

Purpose and scope of hearing

The Commission will be considering whether to issue a licence to OPG pursuant to section 24 of the [Nuclear Safety and Control Act](#). The Commission will also be considering whether to authorize the refurbishment of the PNGS.

As an agent of the Crown, the Commission's responsibilities include the duty to consult and, where appropriate, accommodate Indigenous Nations and communities where the Crown contemplates conduct that may adversely impact their potential or established Aboriginal or treaty rights. To assist the Commission in meeting its duty to consult and, where appropriate, accommodate, the Commission may rely on the following:

- consultation undertaken by CNSC staff, as well as the opportunities for Indigenous Nations and communities to make submissions directly to the Commission and to participate in the hearing process, as a key component of the consultation process
- engagement work done by OPG, including with respect to avoidance, mitigation or other measures adopted or proposed by OPG for potential accommodation purposes (see [REGDOC-3.2.2, Indigenous Engagement](#))

This consideration does not mean that the consultation undertaken by CNSC staff stops or is replaced by OPG's engagement. Rather, consultation by CNSC staff and engagement by OPG continue concurrently.

The deadline for submitting a completed participant funding application form was September 15, 2025. A funding review committee, independent of the CNSC, reviewed the funding applications received and made recommendations on the allocation of funds. Based on the recommendations, the [CNSC's funding decision](#) awarded up to \$343,584.86 to 10 applicants.
