Dear President and Commission Members,

My name is Robert Penner I have been an employee at the Blind River Refinery in the Security Department. I have been employed there for 15 years.

Cameco Refinery in Blind River has been very generous in donating to the community and to families in need when it is required, they are a very family-oriented establishment.

I support the renewal request; Cameco ensures the safety of employees and environment and adheres to the regulations that are set out by the CNSC.

Cameco generously donates to various agencies not only in Blind River but to surrounding area as well, proud supporter of youths sports

Without Cameco these organizations would have difficulty raising funds to get the needed donations they receive now and Cameco being one of the largest places for employment there would be job loss Should the renewal not be accepted

Thank You

Robert Penner
