Subject: Blind River Refinery License Renewal

Dear President and Commission Members,

My name is Dale Parviainen and I am a Lab Tech at the Blind River refinery. I have been employed at this site for 14 years going on 15 years in January .

Since I have been employed here Cameco has treated me fairly. In addition to that Cameco also helps the town of Blind River by donating to various charities that are helpful to this community. Also, Cameco is most likely the biggest employer in this area.

I am hoping that they will be granted the License Renewal as it would be beneficial to the surrounding area and myself as I plan on retiring in approximately 10 years.

In the 14 years of my employment at Cameco there has never been a very serious environmental mishap and their commitment to safety , the environment, and to continually improve to make sure the environment stays as if the plant wasn't here.

I am also looking forward to when there will be Cameco Care day again once this covid pandemic is under control. It was fun to help the town of Blind River by painting , upgrading parks, Boom Camp trails etc. to improve it for everyone's enjoyment.

This is why I would like to see Cameco receive the 10 year license to keep people employed and continue to donate to the charities of the surrounding area .

Thank you for your time.

Regards,

Dale Parviainen
