Attention: Senior Tribunal Officer

Subject: NB Power Point Lepreau Nuclear Generating Station – Operating Licence Renewal

HAWK Marketing Service (NB 629586) - HAWK - wishes to apply for permission to participate as a written intervener in the public hearing scheduled for May 11 and 12, 2022 on the renewal of the Power Reactor Operator Licence for the Point Lepreau Nuclear Generating Station (PLNGS). Please consider the text of this letter as our written intervention.

HAWK is pleased to once again support the renewal of the licence for the Point Lepreau station. We participated in the last hearing in support of the station and are pleased to do so again this time.

HAWK is New Brunswick's largest bilingual marketing service agency. Our head office is in Moncton, NB and the company has been operating since 2007.

Our company has been a supplier to New Brunswick Power and PLNGS since 2004. Our experience with the staff of Point Lepreau confirms that the station is operated with safety as their first priority at all times. The team's focus on reliability, performance, and customer commitment is equally unwavering.

Point Lepreau produces an emission-free source of electricity and delivers environmental and economic benefits to the whole province. It is an asset to New Brunswick.

In closing, we once again support the renewal of the operating licence for PLNGS.

Sincerely,

A handwritten signature in black ink that reads "Levesque".

ANDRÉ LEVESQUE
Partner, Chief Operating Officer
