**RE: Saskatchewan Roughriders Written Intervention – NexGen Energy Ltd. Rook I Project**

The Saskatchewan Roughriders recognize that our greatest impact to the Province of Saskatchewan extends far beyond the football field. As a community-owned organization, our commitment is deeply rooted in fostering the social well-being and economic prosperity of the communities that support us so passionately. NexGen Energy's Rook I Project stands to be a vital part of this shared future.

The Rook I project is truly generational. Not only is it driving significant investment and creating hundreds of skilled jobs for working people in Saskatchewan, but it will also bring essential infrastructure and growth to local and Indigenous communities, particularly in Northern Saskatchewan.

NexGen's demonstrated approach aligns with our own values of community, family, and youth development, and our partnership with NexGen has shown us their dedication to responsible development and community engagement. We have proudly been working together on meaningful youth and community programs since 2019 that focus on the importance of health and wellness, education and intentional goal setting for success in all aspects of life. Through this partnership, we've seen firsthand how NexGen's approach has become a model for impactful corporate partnerships that enable meaningful Truth & Reconciliation through strong relationships with First Nations and Métis communities.

The Rook I project represents a generational opportunity for a more secure, stable, resilient, and prosperous future for all Saskatchewan residents.

## **SASKATCHEWAN ROUGHRIDERS**

For these reasons, the Saskatchewan Roughriders firmly support NexGen as a leading example of responsible corporate stewardship and urge the Commission to advance the Rook I Project for the benefit of Indigenous Nations and the province of Saskatchewan.

Sincerely,

Craig Reynolds  
President and CEO  
Saskatchewan Roughrider Football Club Inc.
