Huron Shores Hospice
24 King St N,
Tiverton, ON, N0G2T0

To Whom It May Concern:

On behalf of Huron Shores Hospice, I am writing to express our profound appreciation for Bruce Power and the invaluable support they have provided to our organization. Since opening our doors in May 2018, we have been able to offer compassionate end-of-life care to over 160 guests and their families. This has been made possible through the generosity of many donors, partners, and supporters who share our commitment to ensuring dignity and comfort at the end of life. Among these, Bruce Power has played a particularly significant role as our largest donor.

Bruce Power's support has been integral to the startup and continued operations of Huron Shores Hospice. Their financial contributions were essential in ensuring that we could establish a comfortable and dignified environment for individuals at the end of life. Since then, Bruce Power has continued to help sustain our work through ongoing funding, ensuring that our services remain available at no cost to those in need. This is essential for making end-of-life care accessible to all in our region.

In addition to their financial commitment, Bruce Power has been a dedicated partner in our mission. They actively sponsor our events, engage with our community as speakers and volunteers, and play a crucial role in raising awareness for our cause. Their involvement not only lends credibility to our work but also helps amplify our message, opening doors for further collaborations and expanding our capacity to serve more families.

Beyond their direct contributions, Bruce Power's commitment to the community sets a powerful example of corporate responsibility. Their generosity extends across a wide range of initiatives, from healthcare to recreation to social services. Bruce Power's support enriches the lives of their employees, families, and the residents of our region. Moreover, their involvement often encourages other businesses and suppliers to contribute, amplifying the collective impact on our community.

Many of our guests have personal connections to Bruce Power, whether through their own employment or that of a family member, and some may have benefited from the medical isotopes Bruce Power has pioneered. Their dedication to supporting the community and enhancing quality of life extends right up to the final stages of life when they find comfort and care in our hospice. This reflects the far-reaching and deeply meaningful effects of their contributions.

We are deeply grateful for Bruce Power's enduring support of Huron Shores Hospice and the broader community we serve. Their commitment to improving lives through financial support, community engagement, and innovation in healthcare has made an immeasurable difference. Together, we are not only enhancing the quality of life in our region but ensuring that the end of life is met with the same care, dignity, and respect as the beginning. We look forward to continuing our partnership with Bruce Power and are excited about the future we are building together.

Sincerely,

Cathy Herbert
Executive Director
Huron Shores Hospice
