

Request for Confidentiality of Material Submitted in Relation to

Gentilly-1 Waste Facility Licence Amendment Application Hearing in Writing CMD: 26-H100

This form supports the [Directive on Requesting Confidentiality](#). Review the Directive for important information about completing this form and the documents that must be submitted with it.

The completed form and attachments **must be submitted to** the [Commission Registrar](#).

With regard to: **Gentilly-1 Waste Facility Licence Amendment Application Hearing in Writing**

I, Julie Therrien, am an authorized representative of Canadian Nuclear Laboratories Ltd., Gentilly-1 Waste Facility. I understand that:

- material provided to the Canadian Nuclear Safety Commission (“the Commission”) as part of a public hearing will be made publicly available unless the Commission makes a decision to protect it; and
- regardless of any request for confidentiality and decision by the Commission, the material may be disclosed if the Commission is required by law to disclose it (for example, after a request under the [Access to Information Act](#)).

I hereby request that the Commission take measures to prohibit the publication and disclosure of the following information under rule 12 of the [Canadian Nuclear Safety Commission Rules of Procedure](#) (the Rules).

NOTE 1: Any additional protective measures being requested must be identified in a letter attached to this form.

Material for which a request for confidentiality is submitted:

The material that is subject to this request for confidentiality is clearly identified in Table 1, below.

NOTE 2: Where the request for confidentiality applies only to part of a document, relevant portions must be clearly identified “CONFIDENTIAL” to distinguish them from content that is non-confidential.

NOTE 3: The Commission is not responsible for any copyright infringement due to its publication on the CNSC website of documents that have been written by a third party.

Table 1: Material subject to the request for Confidentiality				
	Item Name	Portion(s) covered by the Request for Confidentiality	Applicable Criteria Check all that apply	Rationale Explain how the criteria in Rule 12 applies and how the summary or redacted version satisfies the public interest
1.	Preliminary Hazard Analysis for the Gentilly-1 Waste Facility, 61-01320-HA-001, Revision 0	<input checked="" type="checkbox"/> Entire content <input type="checkbox"/> Redacted content as clearly identified in the document	<input type="checkbox"/> The information involves national or nuclear security elements <input type="checkbox"/> The information pertains to Indigenous Knowledge The information is: <input type="checkbox"/> Financial, <input type="checkbox"/> Commercial, <input type="checkbox"/> Scientific, <input checked="" type="checkbox"/> Technical, <input checked="" type="checkbox"/> Personal, or <input type="checkbox"/> Other (specify), and <input type="checkbox"/> Is consistently treated as confidential and the person affected has not consented to disclosure. Or: <input type="checkbox"/> Disclosure of the information would likely endanger the life, liberty, or security of a person or person(s)	This report contains names of staff and technical information associated with structures, systems, and components at the G1WF. The complete document is not intended for distribution. Summary: The G1WF Preliminary Hazard Assessment provides a systematic assessment of hazards to workers, public, and the environment associated with decommissioning of the G1WF. This report is used as an input into the Bounding Accident Analysis.
2.	Bounding Accident Analysis for the Phase 3 Decommissioning of the Gentilly-1 Waste Facility, 61-01320-ASD-001, Revision 0	<input checked="" type="checkbox"/> Entire content <input type="checkbox"/> Redacted content as clearly identified in the document	<input type="checkbox"/> The information involves national or nuclear security elements <input type="checkbox"/> The information pertains to Indigenous Knowledge The information is: <input type="checkbox"/> Financial, <input type="checkbox"/> Commercial, <input type="checkbox"/> Scientific, <input checked="" type="checkbox"/> Technical, <input type="checkbox"/> Personal, or <input type="checkbox"/> Other (specify), and <input type="checkbox"/> Is consistently treated as confidential and the person affected has not consented to disclosure. Or: <input type="checkbox"/> Disclosure of the information would likely endanger the life, liberty, or security of a person or person(s)	This report contains technical information associated with structures, systems, and components at the G1WF. The complete document is not intended for distribution. Summary: The Bounding Accident Analysis assesses the hazards and initiating events identified in the Preliminary Hazard Analysis and assesses the radiological consequences to workers, on-site receptors, and off-site receptors. The dose consequence to the facility worker for the bounding event was found to be within the dose acceptance criteria. Controls and processes are in place to provide defense in depth.

Request for Confidentiality

Table 1: Material subject to the request for Confidentiality

	Item Name	Portion(s) covered by the Request for Confidentiality	Applicable Criteria Check all that apply	Rationale Explain how the criteria in Rule 12 applies and how the summary or redacted version satisfies the public interest
3.	<i>Safety Analysis Report for the Gentilly-1 Waste Facility, 61-03610-SAR-001, Revision 3.1</i>	<input checked="" type="checkbox"/> Entire content <input type="checkbox"/> Redacted content as clearly identified in the document	<input type="checkbox"/> The information involves national or nuclear security elements <input type="checkbox"/> The information pertains to Indigenous Knowledge The information is: <input type="checkbox"/> Financial, <input type="checkbox"/> Commercial, <input type="checkbox"/> Scientific, <input checked="" type="checkbox"/> Technical, <input type="checkbox"/> Personal, or <input type="checkbox"/> Other (specify), and <input type="checkbox"/> Is consistently treated as confidential and the person affected has not consented to disclosure. Or: <input type="checkbox"/> Disclosure of the information would likely endanger the life, liberty, or security of a person or person(s)	This report contains technical information associated with structures, systems, and components at the G1WF; this includes fissile material which is not shared publicly. The complete document is not intended for distribution. Summary: The Safety Analysis Report (SAR) analyzed events that could lead to release of nuclear substances and the potential for accidental exposure to high radiation fields impacting workers, on-site personnel, the public, and the environment. The SAR demonstrates that the hazards associated with the G1WF do not pose any unacceptable risks to its workers, on-site personnel, the public, and the environment.

Request for Confidentiality

Attestation:

1. I confirm that the above-noted material is not available through any public sources.
2. I have attached a **summary** or **redacted** version of the material that minimally impairs the public nature of this proceeding.
3. I understand that if this request is not approved by the Commission, I will have the option of withdrawing the material.
4. I further understand that if the material is not withdrawn it will be part of the public record as per rule 15 of the Rules.
5. I understand that upon receipt of this request, the Commission Registrar will treat the material that is subject to this request as confidential unless and until the Commission makes a ruling.
