Commission Ruling on Request to Protect Confidential Information

Requestor: Bruce Power

Subject: 26-H110, Application to Amend the Licensing Basis for the Bruce A and B Nuclear Generating Stations for Lutetium-177 Processing

Proceeding: Hearing in Writing – July 2026

With respect to the matter noted above, the Commission has considered [Bruce Power's request for confidentiality](#)¹ over the document set out in Table 1. This request was made pursuant to rule 12 of the [Canadian Nuclear Safety Commission Rules of Procedure](#) (the *Rules*).

The Commission also considered [CNSC staff's review of the request](#).²

The Commission's ruling on this request is documented in Table 1, below:

The summary version is included in the request for confidentiality and available on the CNSC website.</p>

The Commission is satisfied that:

- as per subrules 12(1)(a) and 12(1)(b) of the *Rules*, the document listed in Table 1 contains national or nuclear security elements and contains confidential information of a commercial or technical nature that is treated consistently as confidential and the person affected has not consented to disclosure; and
- as per subrules 12(2)(a) and 12(2)(b) of the *Rules*, protecting the information outweighs in importance the public interest in public hearings and disclosure of evidence, and the measures are designed so as not to affect the public nature of the proceeding except to the extent necessary to adequately protect the information

Therefore, applying subrules 12(3)(b) and 12(3)(c) of the *Rules*, the Commission requires that the publication or disclosure of information given to the Commission identified in Table 1 be prohibited.
