10.Indigenous Engagement Information for the Commission Member Document (CMD) ...19

1. Background

Cameco Corporation (Cameco) is a major supplier of uranium processing services required to produce nuclear fuel for the generation of safe, clean and reliable electricity around the world. Cameco's Fuel Services Division (FSD) comprises the Blind River Refinery (BRR), the Port Hope Conversion Facility (PHCF), Cameco Fuel Manufacturing Inc. (CFM) and a divisional head office located in Port Hope, Ontario.

PHCF holds a Class 1B Fuel Facility Operating (FFOL) Licence issued by the Canadian Nuclear Safety Commission (CNSC). The current licence FFOL-3631.00/2027, issued on February 28, 2017, is valid until February 28, 2027.

On September 29, 2025, Cameco submitted its application to renew its Fuel Facility Operating Licence for the Port Hope Conversion Facility (PHCF) for a period of 20 years. This licence application does not request any changes to the current licensed activities, including production limits.

2. Preliminary Assessment

Cameco's preliminary assessment of the PHCF licence is that it will not result in any potential new or additional adverse impacts on the Indigenous or treaty rights of Indigenous target audiences for PHCF as described in Cameco's Fuel Services Division Public Information Program and identified in section 4.

This preliminary assessment is based on a number of factors, including that: (i) the potential effects of PHCF's operations on the environment and the health and safety of people are localized to the vicinity of PHCF's operations; (ii) PHCF is located within the Municipality of Port Hope on property owned by Cameco; and (iii) there are no Indigenous communities located either within Port Hope or the vicinity of PHCF.

Supportive communities is one of Cameco's four measures of success, and in consideration of the guidance provided in the REGDOC 3.2.2, PHCF has developed this Indigenous Engagement Report in support of the 20-year licence application. This IER fulfills the requirements of the CNSC's REGDOC 3.2.2 Indigenous Engagement.

Cameco is committed to building meaningful and long-term relationships with Indigenous communities based on trust, transparency, and respect, through open and honest communication, understanding the unique needs of each community, and creating opportunities for shared value.

During the current licence period, Cameco engaged with Williams Treaties First Nations and the Métis Nation of Ontario (MNO)- Region 6, offering and providing an overview of local operations to interested Indigenous communities.

Cameco has formalized its relationships with CLFN and MSIFN. These agreements foster reciprocal learning and allow all parties to explore areas of interest and to build meaningful relationships. The relationships focus on long-term success through five key pillars: education and workforce development, business development, community investment, community engagement and environmental stewardship.

Cameco shares information with Alderville, Curve Lake, Hiawatha, Mississaugas of Scugog Island, Chippewas of Rama First Nations and the Mohawks of the Bay of Quinte. Communication includes quarterly and annual compliance reports, the Energize newsletter and other updates as jointly agreed upon to foster greater trust and ensure transparency.

3. Scope

Specific to PHCF's 20-year licence renewal, this document is designed to fulfill the requirements of the CNSC's REGDOC 3.2.2, Indigenous Engagement.

4. Identification of Indigenous Groups

PHCF's primary target audience includes Alderville First Nation, Curve Lake First Nation, Hiawatha First Nation and the Mississaugas of Scugog Island First Nation. The Chippewas of Rama First Nation, Chippewas of Beausoleil First Nation, Chippewas of Georgina Island First Nation, Mohawks of the Bay of Quinte and the Métis Nation of Ontario – Region 6 are identified as a secondary audience.

The identified target audiences are selected due to the potential effects on the environment, health, safety and security from Cameco's operations being localized to the vicinity surrounding its facilities. Additionally, Cameco has been operating in Port Hope for over 35 years, and these decades of experience have demonstrated that the interest in Cameco's licensed facilities is predominantly localized to the surrounding community. There are no Indigenous communities located within Port Hope or the vicinity surrounding the PHCF.

5. Summary of Indigenous Engagement Activities to Date

The table below details the information shared with Indigenous communities throughout the current licence period (as of the date of this report).

Public disclosures are emailed to CLFN and MSIFN and are discussed at regular meetings. In September 2024, Cameco began sending public disclosures to Hiawatha First Nation (HWF) at their request.

The tables below provide a synopsis of the outreach to date:

Email Correspondence			
Topic	Method of Communication	Date	Indigenous Communities Contacted
2020			
Introduction to FSD Operations in Northumberland County. Links to quarterly and annual compliance reports,	Letter - via email	November 26, 2020	Alderville, CLFN, Hiawatha, MSIFN, Rama, Beausoleil, Georgina Island, Mohawks

including public disclosure protocol			
Follow-up on introduction to FSD (November 26), encouraging open communication	Email	December 22, 2020	CLFN
2021			
Supporting material provided, including internet links to the quarterly report summaries, public disclosure protocol, and the Energize – Fall 2020-edition.	Email	January 7, 2021	CLFN
Compliance Reports, PHCF & CFM, Q4 2020	Email	March 2, 2021	Alderville, CLFN, Hiawatha, MSIFN, Mohawks, Beausoleil, Georgina Island, Mohawks
Follow-up letter from introduction to FSD (November 26), encouraging open communication	Email	March 3, 2021	Hiawatha, Alderville, MSIFN, Georgina Island, Beausoleil, Mohawks
Letter to advise that CFM 1-year licence renewal submitted to the CNSC	Letter via email	March 10, 2021	Alderville, CLFN, Hiawatha, MSIFN, Rama, Beausoleil, Georgina Island, Mohawks and Métis Nation of Ontario
Meeting follow-up: Cameco provided links to the following – CSA standards, Cameco Community Investment application, Cameco Media Library and Environment & Safety for public disclosures.	Email	March 10, 2021	CLFN

During the current licence period, Cameco engaged with Williams Treaty First Nations and the Métis Nation of Ontario (MNO) - Region 6, offering and providing an overview of local operations to interested Nations and the MNO. Today, Cameco participates in regular meetings with CLFN and MSIFN.

Below is a summary of engagement and topics covered during this licence period:

Alderville First Nation	
Date	Topics
2024	
October 24, 2024	Cameco attended the Alderville First Nation Job Fair highlighting information about Cameco's operations and career opportunities.
2025	
May 31, 2025	Cameco attended the Alderville First Nation Job Fair highlighting information about Cameco's operations and career opportunities.
October 23, 2025	Cameco attended the Alderville First Nation Job Fair highlighting information about Cameco's operations and career opportunities.
Curve Lake First Nation	

Date	Topics
2021	
March 10, 2021	Introduction to Cameco - CFM & PHCF
April 28, 2021	Meeting provided an overview of CFM operations, locations, and the current operating licence, including regulated activities. The request for a 1-year licence term was discussed with details of the application and licensing process.
May 26, 2021	Meeting focused on Environmental Monitoring Program at CFM. Discussion on the CFM licence application.
June 30, 2021	Meeting focused on Waste Management and Safety and Control Areas.
August 25, 2021	Discussion: Community Investment, Sustainability and COVID Response.
September 22, 2021	Discussion: Public Disclosures, Update for CFM 20-year licence and production increase.
October 12, 2021	Facility tour – PHCF and CFM.
October 27, 2021	Meeting focus: CFM Environmental Risk Assessment/Summary, CNSC Regulatory Framework.
December 7, 2021	Overview of Preliminary Decommissioning Plans – PHCF and CFM.
2022	
January 26, 2022	Review of 2021 – areas covered in meetings, action items/recommendations. Established focus areas for 2022 Established meeting schedule for 2022.
February 23, 2022	Next steps for CFM licence renewal Briefing guide development.
April 1, 2022	Overview of the CFM licence renewal – 20-year request and production increase. Hearing and intervention information shared.
April 27, 2022	Overview of the CFM licence renewal – review of environmental data.
July 27, 2022	CFM soil and groundwater monitoring programs; upcoming community activities.
September 28, 2022	Community activities; public opinion polling results.
November 28, 2022	General update and discussion following the CFM licence hearing.
2023	

January 19, 2023	Cameco attended the CLFN 'Alternative Routes Fair', highlighting career openings and information about Cameco's operations and career opportunities.
January 25, 2023	Review of 2022 and 2023 areas for discussion with focus on PHCF and Vision in Motion (VIM) project.
February 13, 2023	Cameco attended an in-person meeting, general discussion and next steps.
March 29, 2023	Cameco provided information on: Vision in Motion, Ukraine contract, public disclosures and The Mary Jean Mitchell Green Award at PHCF, and Community initiatives.
May 3, 2023	Discussion of public disclosures and review of annual compliance reports.
May 24, 2023	Meeting with the Chief and Council.
August 31, 2023	General Discussion/Next Steps.
September 20, 2023	Cameco attended the CLFN Harvester Event where Cameco provided information regarding its activities and operations.
November 2, 2023	Oversight Committee meeting – review of committee, Cameco overview, community updates and roadmap for 2024.
2024	
March 6, 2024	Cameco provided information on: Operations, VIM, Closed Loop Cooling Water System, public disclosures and Q4 Report Overview. Cameco and CLFN discussed community events and sponsorship opportunities, as well as the opportunity for CLFN to visit and tour a northern mine site in SK.
June 19-21, 2024	Cameco hosted representatives from CLFN in Saskatchewan. The visit combined an educational tour of Cameco's Cigar Lake mine with a cultural immersion experience in the northern community of Pinehouse. The visit aimed to enhance CLFN's understanding of the nuclear fuel cycle and its safety measures, while also fostering community connections through participation in local traditions and community events.
July 10, 2024	Cameco attended a Harvest meeting at CLFN. Cameco set up a booth and provided information about Cameco's operations to community members.

August 21, 2024	Cameco provided information on Operations, VIM and Public disclosures. Cameco facilitated tours of PHCF and CFM-PH. The group discussed a CLFN community visit and began workplans for 2025 deliverables.
November 14, 2024	Cameco provided information on Operations, VIM and current public disclosures. Cameco and CLFN discussed community priorities.
November 20, 2024	Cameco attended the CLFN Alternative Routes Fair highlighting information about Cameco's operations and career opportunities.
December 13, 2024	Oversight Committee Meeting - Provided overview of Cameco operations discussed mandate of group, roles and responsibilities.
2025	
March 18, 2025	Meeting/virtual - focus: VIM project update from Cameco, and community priorities.
May 1, 2025	Discussed community priorities.
May 7, 2025	Meeting – Presentation on community priorities supported by a consultant.
May 20, 2025	Joint meeting with MSIFN, consultant presentation.
June 17, 2025	Cameco provided an overview of the Safety and Control Areas at PHCF and discussed community priorities. Curve Lake First Nation update, election Aug 11, discussion of team building/day with Elder and Cameco to host an Environmental tour of PHCF in Sept/Oct 2025.
July 21, 2025	CLFN invited members of Cameco to the community. CLFN gave an overview of the Phragmites Study and work in the community that Cameco sponsors.
Aug 19, 2025	Discussion focused on licence application preparations, a presentation on PHCF's emergency response team, election, transition of committee members, and community priorities. Future meetings and environmental tour booked for PHCF.
October 9, 2025	Cameco participated in a cultural experience at CLFN led by an Elder. Staff engaged in story telling with the Elder and making personal connections to their experience. The day was focused on team building, sharing of knowledge and connecting.

October 22, 2025	Cameco attended the Alternate Roots job fair at CLFN. Cameco's booth featured information about its local operations and career opportunities.
October 30, 2025	Oversight Committee & Environmental Working Group meeting with Environmental tour of PHCF.
November 28, 2025	Cameco attended CLFN. Meeting included a presentation on Waste Management at PHCF, community priorities and planning for 2026.
Hiawatha First Nation	
Date	Topics
2021	
March 30, 2021	Introductory meeting to learn mutual interests.
August 7, 2024	Re-introduction meeting, Hiawatha expressed interest in learning more about Cameco and its operations.
Mississaugas of Scugog Island First Nation	
Date	Topics
2021	
November 5, 2021	Introduction to Cameco – CFM & PHCF.
2022	
January 10, 2022	General reconnect – plan for 2022.
February 28, 2022	Overview of Cameco operations. Updates on licence renewal and application.
March 24, 2022	Discussion: Public Disclosures, Update for CFM 20-year licence and production increase.
May 13, 2022	CFM licence renewal – review of environmental information.
July 26, 2022	CFM soil and groundwater monitoring programs; upcoming community activities.
October 25, 2022	Community activities; public opinion polling results.
December 6, 2022	General update and discussion following the CFM licence hearing.
2023	
February 16, 2023	Review of public disclosures since the last meeting and general discussion.
March 31, 2023	Presentation on Cameco operations and activities as a recap for meeting attendees who are newer to the regular meetings.

August 14, 2023	Review of public disclosures since the last meeting and general discussion.
2024	
July 29, 2024	Meeting at MSIFN with Chief LaRocca and MSIFN representatives. Cameco and MSIFN issued a joint news release announcing the formalization of their relationship. The news release was sent to local media, posted on camecofuel.com and shared on social media. General discussion about future initiatives and opportunities.
September 16, 2024	Presentation on Cameco operations and activities as a recap for meeting attendees who are new. MSIFN shared information about their community and both Cameco and MSIFN outlined future work plans for 2025.
October 10, 2024	Business meeting and tour of PHCF. Discussion included Vision in Motion and potential future business development opportunities for MSIFN.
December 11, 2024	Presentation on Cameco's operations and activities as a recap for meeting attendees who are new to the committee apart from past meetings. Cameco and MSIFN discussed community priorities for 2025.
2025	
January 10, 2025	Met with Education Dept. to discuss community priorities.
Feb 25, 2025	Met with MSIFN on community priorities.
April 29, 2025	Met with MSIFN on community priorities.
May 20, 2025	Joint meeting with CLFN, presentation on community priorities supported by a consultant.
June 9, 2025	Met with MSIFN on community priorities.
June 18 2025	Cameco provided an overview of the Safety and Control Areas at PHCF, discussed community priorities. Discussion to host an Environmental tour of PHCF in Sept/Oct 2025.
August 26, 2025	Virtual meeting - Review Cameco's emergency response capabilities, discuss license renewal application, and plan upcoming activities with Mississaugas of Scugog Island First Nation (MSIFN).
November 25, 2025	MSIFN attended PHCF for an Environmental Tour. Cameco and MSIFN met to discuss current initiatives and planning for 2026.
Métis Nation of Ontario – Region 6	
Date	Topics

2022	
November 3, 2022	General overview of Cameco (PHCF and CFM specifically) and overview of CFM licence renewal.
Métis Nation of Ontario – Region 7	
Date	Topics
2023	
May 27, 2023	Cameco representatives attended the Métis Nation of Ontario (MNO) Region 7's Nuclear Safety Open House in Blue Mountain. More than 180 citizens from Métis Nation of Ontario (MNO) Region 7 attended this first-of-its-kind open house to learn about nuclear safety and ask questions of subject matter experts.
Anishinabek Nation	
Date	Topics
2022	
May 24, 2022	Members of Anishinabek Nation toured the PHCF and CFM. The guests included the Anishinabek Nation Grand Council Chief, Northern Superior Regional Deputy Grand Council Chief (Biinjitiwaabik Zaaging Anishinaabek), Southeast Regional Deputy Grand Council Chief (Alderville First Nation), Southwest Regional Deputy Grand Council Chief (Chippewas of the Thames First Nation) and CLFN. The tours were provided by Cameco leadership and included overview presentations of each operation, and opportunities for questions and dialogue.
Indigenous Advisory Council	
Date	Topics
2022	
March 23, 2022	Cameco hosted the Indigenous Advisory Council for the Small Modular Reactor Action Plan. The Council brings together Indigenous leaders from Ontario, Alberta, Nunavut, Saskatchewan, and New Brunswick. Cameco leadership provided tours of PHCF and CFM Port Hope and included overview presentations for each operation and opportunities for questions and dialogue.
Indigenous Knowledge and Learning	
Date	Topics
2023	

November 1, 2023	Cameco staff attended the First Peoples House of Learning at Trent University and participated in the “Just Get Over it” workshop.
2024	
April 30, 2024	Cameco staff attended the First Peoples House of Learning at Trent University and participated in the Two-Spirit History training.
June 26, 2024	Two-Spirit training, hosted by the First Peoples House of Learning was brought to PHCF where it was attended in-person and offered virtually across all Canadian Cameco sites.

7. Planned Indigenous Engagement Activities

Cameco remains committed to meaningful engagement with Indigenous communities and working to maintain an open dialogue so that any questions, concerns, or issues can be addressed in a timely manner.

To continue this work to support open, transparent dialogue and fostering meaningful relationships, Cameco proposes the following engagement activities:

Letters (via email)

- Cameco will send letters to the Indigenous communities identified in Section 4 to advise that the application to renew PHCF’s FFOL was submitted to the CNSC on September 29, 2025. Cameco will issue this letter within 60 days to allow time for the CNSC’s sufficiency check. Within 90 days of submitting the application to the CNSC these letters will be followed up via email.
- These letters will provide information about the licence application and how interested Indigenous communities can participate through the CNSC’s intervention process and Participant Funding Program.
- Cameco will issue a second letter when more details such as hearing dates and the intervention deadline are made available by the CNSC. This letter will also include the PHCF Licence Renewal Briefing Guide.

Facility Tours

- Facility tours will be offered and coordinated upon request.
- CLFN and MSIFN tour the Cameco facilities regularly as part of the agreements, see section 5 for information on tour specifics and dates.

Community Meetings / Information Sessions

- PHCF will provide information directly to any interested Indigenous community (i.e., virtual information session or otherwise).
- PHCF will invite identified Indigenous communities to all community information sessions it chooses to host.

Licence Renewal Briefing Guide

- Cameco will develop a digital PHCF Licence Renewal Briefing Guide that provides information on the licence renewal, PHCF's history of safe operations and the Public Information Program in a way that is easy to understand. This will be emailed to the identified Indigenous communities.

Other Communications

- PHCF will issue a special Licence Renewal edition of its Energize newsletter which will be emailed to the identified Indigenous communities.

8. Proposed Interim Status Reporting Schedule

PHCF proposes that it aligns its Indigenous engagement reporting with its quarterly reporting cycle. The report will be provided as a PDF with an accompanying cover letter addressed to the appropriate CNSC project officer.

PHCF will also keep the CNSC informed of Indigenous engagement activities in verbal updates provided during CNSC Staff and Cameco joint meetings.

9. Material Change Updates to the Indigenous Engagement Report

Material changes to the Indigenous engagement activities may occur. Any changes that impact the commitments set out in this document would be submitted to CNSC staff for review and acceptance in accordance with the Licence Conditions Handbook (LCH), and licence condition 1.2, Notification of Changes.

10. Indigenous Engagement Information for the Commission Member Document (CMD)

A summary of the Indigenous engagement activities completed in support of its 20-year licence application will be provided in PHCF's CMD.
