Re: Renewal of Cameco Corporation, Port Hope Conversion Facility Operating Licence FFOL-3631.0/2027

To Whom It May Concern:

Cameco Corporation (Cameco), specifically the Port Hope Conversion Facility demonstrates an incredible level of commitment to the community in which it operates. Cameco develops strong relationships with community stakeholders and residents through its support of local charities, schools, causes, movements, and businesses. As a local charitable organization, Big Brothers Big Sisters of South Durham and Northumberland (BBBS) has benefited from both the financial and volunteer support of Cameco and its employees.

As the leading child and youth mentoring charity in our area BBBS facilitates life-changing relationships that inspire and empower children and youth to reach their potential, both as individuals and citizens. In order to deliver our programming, BBBS relies on corporate partnerships and support. We are proud to recognize Cameco as one of the most significant corporate partners in Port Hope and Northumberland County. Both Cameco and its employees continually show their commitment to our programs and to the children in our community.

For over 10 years Cameco has supported BBBS here in Port Hope. They have been a sponsor of our annual Bowl for Kids' Sake event. This has been the most important fundraising event of our year. In addition to a financial sponsorship, Cameco employees volunteer and assist in soliciting additional community support, raise pledges for the agency, and participate in the event itself.

In addition to their involvement in Bowl for Kids' Sake, Cameco employees also provide support to BBBS by contributing through the Employee Directed Donations program.

Possibly most importantly Cameco's Mental Health Fund has helped to support our mentorship programs directly. This means that local children receive the mentorship they need from volunteers who teach by example the importance of giving back, of staying in school, and having respect for family, peers and community. We truly value the contribution that CAMECO has made in helping children in our community realize and share their full potential.

As the Executive Director of Big Brothers Big Sisters of South Durham and Northumberland, I would like to extend my support to Cameco Port Hope Conversion Facility as the corporation applies for the renewal of the renewal of the Class 1B FFOL for a period of 20 years.

If you need further information regarding our involvement with Cameco, please feel free to contact me.

Sincerely,

Melanie Stewart
Executive Director
