

Notice of Participation at a Commission Meeting

June 12, 2018

Ref. 2018-M-04

Upcoming public meeting on the *Progress Update for CNL's Prototype Waste Facilities, Whiteshell Laboratories and Port Hope Area Initiative*

The Canadian Nuclear Safety Commission (CNSC) will hold a public meeting during which CNSC staff will present the *Progress Update for CNL's Prototype Waste Facilities, Whiteshell Laboratories and Port Hope Area Initiative* (the progress update). This progress update will provide an overview of the CNSC's regulatory oversight and updates on Canadian Nuclear Laboratories' (CNL) major decommissioning projects – including Douglas Point, Gentilly-1, Nuclear Power Demonstration and Whiteshell Laboratories – as well as the Port Hope Area Initiative.

Date: August 22, 2018
Place: CNSC public hearing room, 14th floor, 280 Slater Street, Ottawa, ON
Time: As set by the agenda published prior to the meeting date

The public meeting will be webcast live and available on the CNSC website at nuclearsafety.gc.ca.

The draft progress update will be available for review on the CNSC website, or on request to the Secretariat, after **June 22, 2018**.

Persons who have an interest or expertise in this matter are invited to comment, in writing, on this progress update by **July 23, 2018** using the [online request form](#) or the contact information below. The submission must include your name, address and telephone number.

All submissions will be available for download on the CNSC website or on request to the Secretariat. Personal information, such as address and telephone number, is essential for linking the submission to its author. If you wish to ensure the confidentiality of your personal information, please submit it on a separate page.
