

Notice of Participation at a Commission Meeting and Participant Funding

May 8, 2023

Ref. 2023-M-37

Upcoming public meeting on the *Regulatory Oversight Report for Uranium Mines and Mills in Canada: 2022*

The [Canadian Nuclear Safety Commission](#) (CNSC) will hold a public meeting in December 2023, where CNSC staff will present the *Regulatory Oversight Report for Uranium Mines and Mills in Canada: 2022* (UMM ROR). The uranium mines and mills discussed in the UMM ROR are located in the traditional and treaty territories of many Indigenous Nations and communities.

CNSC staff will present to the Commission an update on the licensees' performance at each uranium mine and mill and on CNSC staff's regulatory oversight of the sites in 2022. The UMM ROR will cover the following operating uranium mines and mills:

- Orano Canada Inc.'s McClean Lake Operation
- Cameco Corporation's Cigar Lake, Key Lake, Rabbit Lake and McArthur River operations

Historic and decommissioned sites, which are included every 3 years, are not covered in this UMM ROR and will be next reported on in 2024.

For more information on the facilities covered in the UMM ROR, visit the [CNSC website](#).

Meeting details

Date: December 13 or 14, 2023
Place: To be determined (National Capital Region and/or virtually)
Time: As set by the agenda published prior to the meeting date

The public meeting will be webcast live and available on the CNSC website at nuclearsafety.gc.ca.

The UMM ROR will be available for review on the CNSC website, or on request to the Commission Registry, after **September 12, 2023**.

Participant funding

In advance of the public meeting, the CNSC is making available up to **\$75,000** in funding through its [Participant Funding Program](#). The purpose of the funding is to assist Indigenous Nations and communities, members of the public and stakeholders in reviewing CNSC staff's UMM ROR and in participating in the Commission meeting process by providing topic-specific written submissions to the Commission. Participant funding applications must clearly demonstrate how the proposed intervention will provide the Commission with information directly related to the UMM ROR or the performance of uranium mine and mill licensees in 2022. Please note that the \$75,000 will be disbursed among all successful applicants. The deadline for submitting a completed participant funding application form to the CNSC is **June 9, 2023**.

Interventions

Persons who have an interest or expertise in this matter are invited to comment, in writing, on the UMM ROR by **November 13, 2023**, using the [online request form](#), [email](#), or the contact information below. The submission must include your name, address, telephone number and email address.

In addition, in the spirit of reconciliation and in recognition of the Indigenous oral tradition for sharing knowledge, the CNSC will offer Indigenous intervenors the opportunity to make oral presentations. Oral presentations may be conducted remotely. **The request to intervene must include the following information:**

- a written submission of the comments to be presented to the Commission
- a statement setting out whether the requester wishes to intervene by way of written submission only or by way of written submission and oral presentation
- the requester's name, address, telephone number and email address

All submissions will be available for [download](#) on the CNSC website or on request to the Commission Registry. Personal information, such as address and telephone number, is essential for linking the submission to its author. If you wish to ensure the confidentiality of your personal information, please submit it on a separate page.
