## **CNSC decision on the allocation of participant funding for the Regulatory Oversight Report for Waste Management, Storage and Processing Facilities in Canada: 2015**

On May 12, 2016, the CNSC announced it was offering up to \$35,000 under its Participant Funding Program (PFP) to assist members of the public, Indigenous groups, and other stakeholders to review its *Regulatory Oversight Report for Waste Management, Storage and Processing Facilities in Canada: 2015* (the Report), and submit comments to the Commission. The deadline for submitting participant funding applications to the CNSC was August 26, 2016.

The Report is an annual summary of CNSC staff's assessment of the operating performance of waste management, storage and processing facilities regulated by the CNSC. The results of CNSC staff's assessment are presented before the Commission on an annual basis as part of a public Commission meeting.

### **Background**

Participant funding was made available by the CNSC:

- for the provision of new, distinctive and valuable information to the CNSC through informed and topic-specific interventions
- to assist interested parties to review the Report

A funding review committee (FRC), independent of the CNSC, was established to review the funding applications received by the CNSC's PFP administrator, and to make recommendations to the CNSC on the allocation of up to \$35,000 for eligible applicants.

The FRC members were:

- Mr. Guy Riverin, Environmental Assessment Expert and retired federal public servant
- Mr. Paul Scott, Environmental Assessment Expert and retired federal public servant
- Mr. Bruce Young, retired Canadian Environmental Assessment Agency Director

The FRC reviewed the one PFP application received by the CNSC, requesting a total of \$13,316.
