Subject: comments on the CNSC Aboriginal Engagement Draft

I am going to list my comments :

1. Is there an avenue that is Aboriginal specific that we can comment on whether we feel meaningful engagement has taken place.

-often we see reports of engagement listed and it hasn't taken place with us, we don't consider a phone call engagement

2. Section 3.2.1 – third bullet should also include proximity to Treaty lands

3. Have First Nation people been a part of this draft and had input.

4. there should be mention of the proponent covering costs for First Nation to participate

5. Page 9 – 3.6.1 – who decides if there is a potential for adverse effects or impact on First Nation communities as we have a different meaning of this sometimes because of our relationship with and to Mother Earth.

6. Page 10 – 1st bullet – old licenses may not have required Duty to Consult but now we do

7. Page 11 – 3rd bullet - should include treaty lands as well.

Thank you for this opportunity and look forward to hearing back from you.
