South Bruce Community & Business Association

Serving the Municipality of South Bruce

April 17, 2018

The South Bruce Community and Business Association is a group of business leaders who share the goal of growth and promotion for all business located in South Bruce, be it on the main street, the back street, or the back road. We represent businesses in the communities of Teeswater, Mildmay, Formosa and the surrounding area.

The SBCBA recognizes the tremendous support that Bruce Power offers all of the communities in the community nuclear zone of Bruce, Grey and Northern Huron. The support of business as well as community endeavors is greatly appreciated.

Bruce Power employees are well trained and as a community, we have the utmost confidence that they, under the guidance of Bruce Power management, are providing a very safe, environmentally sound and economically stable power supply for decades to come.

As a corporate neighbour specializing in a technology that many citizens don't fully understand, Bruce Power does a wonderful job of communicating not only the status of current projects, but also education on the nuclear industry so those of us who are not trained can better understand the Candu reactor and the relative safety Canadian nuclear technology and Bruce Power provide.

As a partner in the local communities, Bruce Power is second to none. The recent Bruce Power and County of Bruce's economic development and innovation initiative is a fantastic example of a company that recognizes that it's success is connected to the local communities and we are very thankful of the encouragement they are giving their suppliers to have a local presence here. This helps support the services that our small communities need to thrive and carry on into the future.

SBCBA couldn't ask for a safer, more transparent, fair and supportive company to have in our community than Bruce Power. We fully support the 10 year license renewal with CNSC and know we will have many more decades of safe, clean power provided from this great company.

Adam Ireland

South Bruce Community and Business Association

Mission Statement: The SBCBA is a group of community minded citizens dedicated to promotion and economic development within the Municipality of South Bruce.
