Dear Commission Secretariat:

On behalf of the Board of Directors of the Saugeen Memorial Hospital Foundation, I am writing this letter to express our support for Bruce Power's application for a 10-year operating license renewal.

Saugeen Memorial Hospital Foundation raises and manages funds for medical equipment, facility improvements and staff education for the Southampton and Owen Sound hospitals. We endeavour to create an engaged community dedicated to the vision of keeping health care close to home. We have one full time and one part time staff, a volunteer board of directors with 10 members and a team of approximately 100 volunteers that help with events, special projects and fundraising. We work closely with the management of Grey Bruce Health Services who determines the priority equipment needs of the corporation for which we fundraise.

Our relationship with Bruce Power is as a very close partner in our mandate to help keep health care close to home. Bruce Power provides financial support, shares the expertise of their staff and helps to engage the employees and their families in the work that we do.

Financially, Bruce Power contributes to our Light the Way Campaign, they host an annual Charity Golf Tournament, sponsor the Gran Fondo Lake Huron and assist with Capital Campaigns.

The Annual Bruce Power Charity Golf Tournament is an event that the corporation hosts which includes many of its suppliers, and it consistently raises between \$150,000 and \$180,000 each year. These funds are shared with the Kincardine and Community Health Care Foundation and truly represent the collaborative efforts of Bruce Power when making contributions to the communities in Bruce County. The Bruce Power Charity Golf Tournament has raised \$1.4 M since it began 16 years ago.

By contributing to these annual projects, Bruce Power assists us in purchasing much needed medical equipment for our hospitals in Southampton and Owen Sound.

The Southampton Hospital is currently undergoing a major expansion project and Bruce Power made a significant donation of \$500,000 to this project as well as an additional \$500,000 to the Oncology Suite at the Owen Sound hospital site. To indicate their community spirit, Bruce Power challenged the community to match this generous donation dollar for dollar. One key component of the design is a specially designed and equipped decontamination room to safely assess, support and treat any patients exposed to chemical, biological, radiological or nuclear contaminants.

Bruce Power families live and raise their children in our community. These skilled and educated employees are our volunteers, participants at our events and donors. Several of our Board of Directors, who play significant leadership roles in our organization are, or have been, Bruce Power employees who would not otherwise live in this community. These people bring their vocational expertise and assist the Foundation in fulfilling its mandate. Bruce Power also makes the expertise of executive staff available to us for advice and assistance when a special need or situation arises. Bruce Power also encourages support and involvement from their supplier companies. They are committed to the development of a healthy community for all. This leadership encourages other companies to share this commitment, filters down to the individuals who work at Bruce Power and in the nuclear industry and spreads through our entire community.

The impact Bruce Power has on our Foundation is integral to the work that we do. The financial support, the sharing the skills and knowledge of their staff and the engagement and participation of the employees and their families are essential to ensuring that we succeed in raising sufficient funds to purchase the much-needed hospital medical equipment that is not funded by the Province of Ontario.

We look forward to many more years of partnering with Bruce Power to ensure that health care stays close to home in our community for each and every one of us.

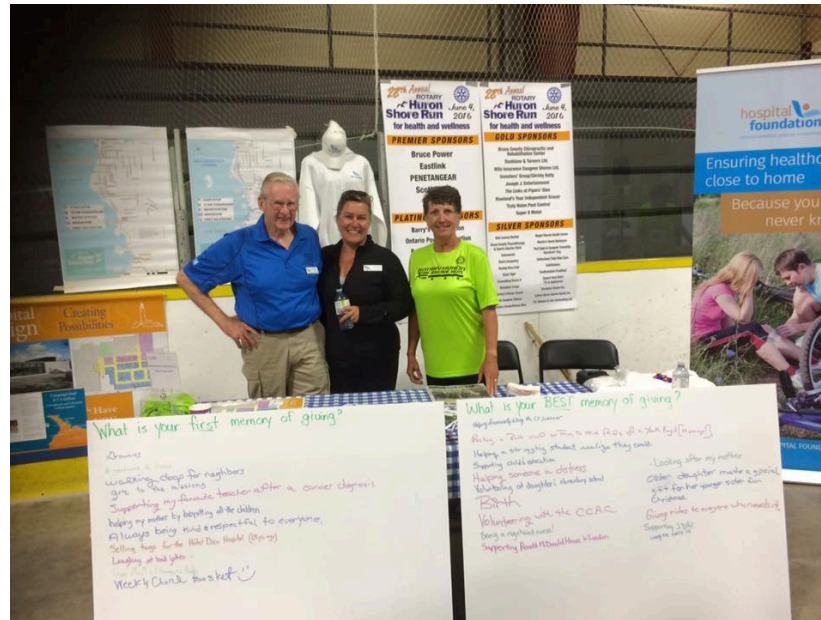

Sincerely,

A handwritten signature in cursive script that reads "Sally Kidson". The signature is written in black ink and is positioned above the printed name.

Sally Kidson
