Ms. Louise Levert, Secretariat  
Canadian Nuclear Safety Commission  
280 Slater Street, Box 1046  
Ottawa, ON  
K1P 5S9

Dear Commission Board Members;

On behalf of the Municipality of South Huron, please accept this letter as our expression of support for Bruce Power's application to the Canadian Nuclear Safety Commission for a ten year operating renewal.

Approval of the aforementioned application will allow Bruce Power to move forward with its much anticipated Life –Extension program, which is poised to generate a wealth of economic spinoffs benefitting the three Counties (Huron-Bruce-Grey) and South Huron.

As a nuclear power operator, Bruce Power has developed state of the art monitoring and training that has led Bruce Power to be leaders in these key areas. Bruce Power has earned public confidence through a decades-long track record of safe operation, commitment to emergency preparedness, industry-leading training facilities and globally recognized engineering and plant maintenance programs?

As an employer, Bruce Power provides an opportunity for residents within the three Counties as well as opportunities to retain our youth and promote young families in the area. The ongoing commitment to training and development for now and into the future and maintains a strong commitment to health and safety.

We applaud Bruce Power for its extensive efforts in the area of community outreach and for fostering public trust and engagement with stakeholders during this historical \$13B investment in its nuclear power site.

---

The opportunities that are available to our respective communities is immeasurable through Bruce Power's Life-Extension Program. We look forward to our continued partnership with Bruce Power and strongly encourage the Canadian Nuclear Safety Commission's approval of the 10 year operating license renewal.

If you require anything further, please do not hesitate to contact me.

Regards,
