

## **Supplementary Information**

### **Oral Presentation**

#### **Presentation from Chaitanya Kalevar**

In the Matter of

#### **Ontario Power Generation Inc., Pickering Nuclear Generating Station**

---

Request for a ten-year renewal of its Nuclear Power Reactor Operating Licence for the Pickering Nuclear Generating Station

**Commission Public Hearing – Part 2**

**June 2018**

## **Renseignements supplémentaires**

### **Exposé oral**

#### **Présentation de Chaitanya Kalevar**

À l'égard de

#### **Ontario Power Generation Inc., centrale nucléaire de Pickering**

---

Demande de renouvellement, pour une période de dix ans, de son permis d'exploitation d'un réacteur nucléaire de puissance à la centrale nucléaire de Pickering

**Audience publique de la Commission –  
Partie 2**

**Juin 2018**

Pickering must  
close now

CNSC FAILS ITS MANDATE  
IF IT DOES NOT.

# Radioactivity survives

## All Possible Calamities

- Earthquakes
- Tsunamies
- Nuclear Explosions & Tests
- Volcanic Eruptions
- Forest Fires and Floods
- **And CNSC decisions**

# NUCLEAR WASTE DISPOSAL

1. IS NOT POSSIBLE IN OUR LIFETIME.
2. IT IS PASSING THE BUCK TO GENERATIONS AHEAD
- 3. No safe disposal site in over 70+ years**
- 4. Discussing for generations has not produce solutions**
- 5. Discussions are for WAR industry to continue its games**
- 6. Threatening Normal lfe on our planet**

# CNSC BOARD SUFFERS FROM PHDitis

## •PHDitis:

- Knowing everything about Nothing
- Married to past with **footnotes**
- Future vision is limited due to **footnote addiction**

# CNSC high spot of Respectability

- 1. Linda Keen took a principled courageous stand against Licence violations with respect to Chalk River NRU nuclear Reactor in 2008**
- 2. Unfortunately the then Government of Stephen Harper discharged her to please the Nuclear industry & War industry that hides behind it.**
- 3. Such courage and Nuclear responsibility has been lacking at CNSC since then.**

# Seismically Tested Backup Electric Supply

- **In 2008:** Chalk River NRU violated Licence violation to mitigate effects of earthquake damage that may cause total station black out & core damage causing large unexpected radioactivity releases.
- Surprisingly similar chain of events at Fukushima in Japan that caused station black out and backup electric supply failed that led to triple meltdown in 2011.
- Fact remains Fukushima releases are still continuing to contaminate Pacific ocean and the world at large.
- No Nuclear Expert is the world has risen to the occasion to fix the Fukushima challenges. **But their PHDitis continue to talk not act.**

# Nuclear Liability Act

- Covers the Nuclear Liability of the Nuclear Industry. No other industry has such insurance coverage
- Let us call it a **SWEET HEART DEAL FOR NUCLEAR BULLIED WORLD**
- Your home insurance does not cover you for Nuclear fallout
- Why is Nuclear Industry given a favourable treatment?
- If they cannot afford the insurance or cannot get it from Insurance Industry then let them shut down.
- **TIME TO CLOSE ALL NUCLEAR STATIONS!**
