Ottawa, ON K1P 5S9

Dear Ms. Levert

St. Paul's on-the-Hill Community Food Bank has enjoyed the strong support of Ontario Power Generation (OPG) for many years. We support their request to renew their operating licence for another 10 years.

As a non-profit organization staffed entirely by volunteers we are dependent on the community for food donations and financial support. Thanks to OPG's support, we are able to help those in need within our community.

Here are just some of the ways that OPG has supported us through the years:

- Providing annual financial support through the Community Citizenship Program
- Participation in and financial support for our annual golf tournament
- Creation of the Community Garden in Pickering with encouragement for volunteers to donate produce to our food bank
- Donating funds to our annual Christmas food and toy drive
- Encouraging staff to support us financially through United Way donations
- Encouraging staff and social groups within OPG to organize food drives
- Providing opportunities for us to network with community groups and supporters

In 2018 the Food Bank has undergone an extensive renovation. We have increased our warehouse space to over 3000 sq. feet, almost doubling our space and all under one roof. This will enable us to continue to serve our clients in a more spacious and safe environment.

We are very grateful for the active and generous support provided by OPG to our food bank and other worthy charitable causes in our community.

Regards,
