I have been an Ajax Resident since 1973 and a local realtor since 2005. I currently rank in the top 2% of agents in the GTA with my sales focused within Ajax/Pickering/ Whitby. I have the privilege of representing my community for home ownership transactions in the same community that I live and am raising my family in.

From a professional perspective I have yet to receive concern expressed for either buyers or sellers as to the safety or proximity of our neighbourhoods to the current Pickering Nuclear Site. In sharp contrast most consider OPG to be a responsible, community engaged operator and fixture within the area.

The public perception has and continues to be that the OPG site is a benefit to the area and highly respected for their operations and public commitment to safety.

I welcome the opportunity to further discuss OPG and Pickering Nuclear.
