Dear Mr. Leblanc:

Alternate Approach for Minimum Experience  
and Generals Training requirements for Personnel Certified at  
Ontario Power Generation hired into the Initial Certification Program at Bruce Power

---

The purpose of this letter is to request acceptance of an alternate approach to:

1. REGDOC-2.2.3, Volume III, Section 23.1.2, minimum experience; and
2. REGDOC-2.2.3, Volume III, Section 23.2.1 Generals training

for CNSC certified personnel from Ontario Power Generation (OPG) who are seeking employment and certification at Bruce Power, pursuant to the Bruce A and B Power Reactor Operating Licence, PROL 18.01/2028 Licence Conditions G.1 and 2.4, and Licence Conditions Handbook, LCH-PR-18.01/2028-R002 Sections G.1 and 2.4.

In both cases, the results will remain, overall, in accordance with REGDOC-2.2.3, Volume III and the licensing basis, and have a neutral or positive impact on health, safety, the environment, security, or safeguards.

Supporting information is provided in Attachment A.

To support the development of training schedules Bruce Power requests a reply by January 31, 2021.

Mr. M. Leblanc
