Dear Mr. Leblanc:

**Supplemental OPG Written Submission - Application for Renewal of OPG's
Darlington New Nuclear Project (DNNP) Power Reactor Site Preparation
Licence (PRSL)**

Reference: 1. OPG Letter, D. Townsend to M. Leblanc, "Application for Renewal of OPG's Darlington New Nuclear Project (DNNP) Nuclear Power Reactor Site Preparation Licence (PRSL)", June 29, 2020, CD# NK054-CORR-00531-10533.

The purpose of this letter is to submit to the Commission an addendum to the Application for Renewal of OPG's Darlington New Nuclear Project (DNNP) Nuclear Power Reactor Site Preparation Licence (PRSL) submitted in Reference 1. This addendum is a land acknowledgement, which OPG verbally stated at the public hearing for the PRSL renewal held on June 10 and 11, 2021.

In filing the application for licence renewal, OPG was remiss in its lack of acknowledgement that the lands on which the DNNP is licensed are the treaty and traditional territory of the Williams Treaties First Nations.

OPG wishes to add the land acknowledgment as provided in Attachment 1.

Note that this addition does not change the conclusions of the DNNP PRSL application.

Should you have any questions, or require additional information, please contact Ms. Sevana Bedrossian, Manager, Regulatory Affairs – DNNP Licensing, at (416) 716-3879 or by email at sevana.bedrossian@opg.com.

Sincerely,
