# + OPG Darlington New Nuclear Project License Renewal

Expression of Support

# Hatch: combining technical expertise with project delivery acumen

- Employee-owned
- In business for over 6 decades
- Projects in more than 150 countries
- > 10,000 professionals worldwide, US\$50 billion projects under management
- Head office in Mississauga, Ontario employing 2,500 in the GTA
- OPG a long-term client and partner of Hatch in the hydropower, thermal power, and nuclear markets

## Energy

Power

Oil & Gas

## Infrastructure

Transportation & Logistics

Urban Solutions

Water

## Metals

Minerals

Base Metals

Bulk Metals

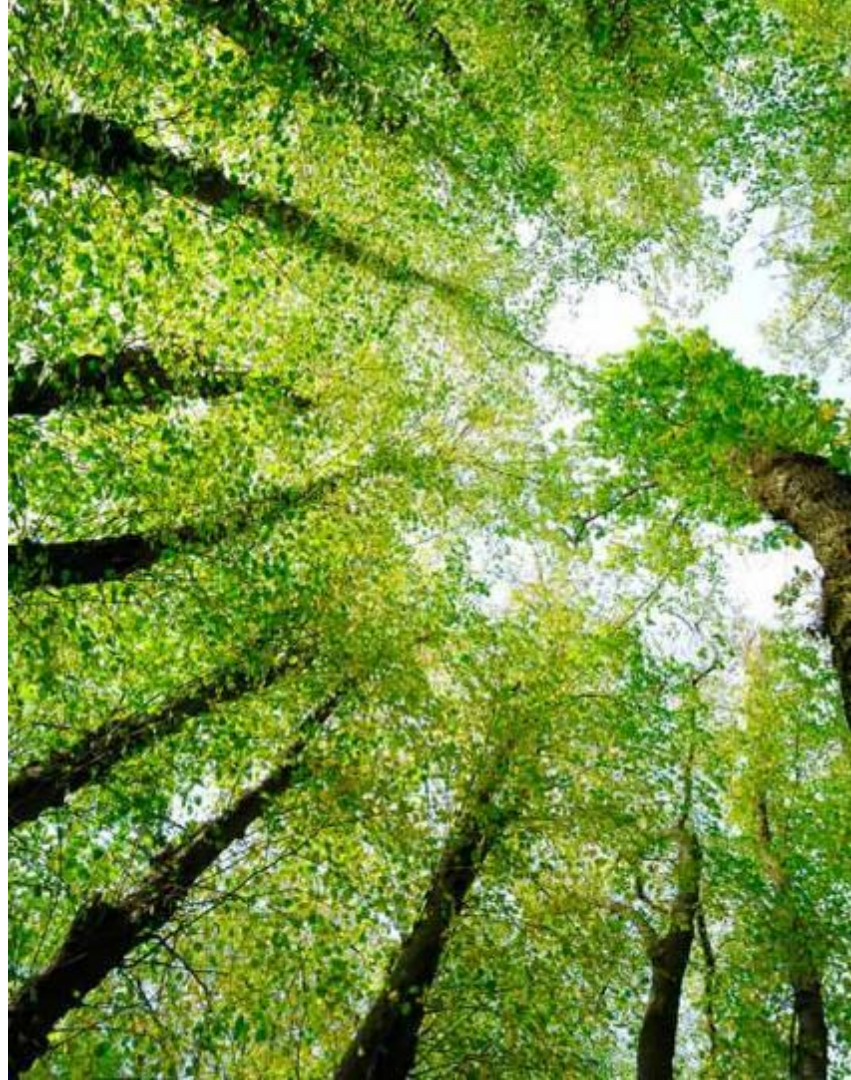

# Safety

- Nuclear power has the best safety record of any major form of electricity generation
  - OPG has been a crucial part of Canada's 50-year track record of safe nuclear operation
- Strong and independent regulatory regime
- Potential SMR designs promise higher degrees of passive safety

# Environment & Climate

- Stable, reliable, affordable, non-emitting power
- Little waste, small physical footprint
- Industry fully accountable for all financial/custodial costs
- Nuclear essential for net-zero
- Hatch is confident in Environmental Assessment for DNNR that has taken place

# Community & Indigenous Relations

- OPG and Hatch believe in meaningful engagement with the communities in which we live and work
- CCAB Progressive Aboriginal Relations (PAR) program
  - Hatch bronze-level supplier status – the only engineering solutions provider to obtain this level
  - OPG maintains a silver standing
- OPG Indigenous Opportunities in Nuclear program (ION)
- OPG Indigenous Relations Policy

# Innovation

- Nuclear energy and science is a critical piece of Canada's innovation ecosystem
  - 30 universities and 6 major research centers
- Opportunity to export Canadian expertise
- Darlington site readiness allows Canada to move quickly and lead SMR deployment
- Hatch proud to be working in support of DNNP and SMR developers
