**Re: Cameco's licence renewal application for the
Blind River Refinery (Nov 24-25, 2021 Hearing)**

Dear President and commission members,

My name is Jamie McLean and I am the procurement specialist (buyer) at the Blind River refinery. I have worked at Cameco for 14years, working in stores as well as production.

Cameco and the Blind River Refinery are integral parts of the Blind River community, providing support to many local community groups and event both financial and with employee participation.

At the Blind River Refinery, nothing is more important than everyone going home at the end of their shift safely – which is reflected by our recent achievement of 15 years without a lost time injury.

Also our environmental record and performance speaks for itself as our monitoring results indicate the refinery is well below the limits set by regulators.

With a renewed 10year licence, Cameco Blind River will be able to continue to provide strong performance and have a positive impact on the Blind River community.

Sincerely,

Jamie McLean
