RE: 20 Year Licence Renewal – Cameco Fuel Manufacturing

To Whom It May Concern,

Please accept this letter of support from the Town of Cobourg for the 20-year licence renewal for Cameco Fuel Manufacturing, Port Hope.

Cameco Fuel Manufacturing also safely operates a facility in Cobourg at the Northam Industrial Park.

We are proud to support Cameco's manufacturing of nuclear fuel products as they are integral to the urgent environmental movement towards fighting climate change, of which we are already experiencing most devastating outcomes.

We see Cameco and its manufacturing as part of a bigger solution with their contribution to the safe production of efficient, reliable and clean electricity.

As Mayor of the Town of Cobourg, it has been encouraging to witness the progress being made at Cameco and we most definitely support this 20-year licence renewal for Cameco Fuel Manufacturing.

Sincerely,

Mayor John Henderson
The Town of Cobourg
