RE: Cameco Corporation Licence Renewal for Cameco Fuel Manufacturing

To Whom It May Concern,

I am writing to you as a community partner in the Northumberland region, in response to Cameco's current application to renew their licence, increase their production capacity and extend the term of the licensing agreement to 20 years.

While I cannot speak to the technical aspects of Cameco's business, I can affirm that they are a strong partner within the Port Hope and Northumberland community. Cameco supports many health, wellness and social initiatives throughout the County of Northumberland, including the arts community, mental health as well as supporting the awareness and accessibility of many other social service and community agencies. Additionally, Cameco is a large employer in our community, and has a very positive reputation with both current and former employees.

I hope this letter provides a little context to Cameco's position as a good corporate citizen of Northumberland County.

Yours truly,

A handwritten signature in black ink, appearing to be "Carol Beauchamp". The signature is written in a cursive style and is positioned above the printed name and title.
