Please consider this email my written intervention to the Canadian Nuclear Safety Commission, regarding the licence renewal of the NB Power Point Lepreau Nuclear Generating Station.

I am a concerned citizen who deserves to continue to have a say in regard to the ongoing nuclear power generation in NB.

Given the current dangers Nuclear power generation exposed in Ukraine I am not in support of continued nuclear power generation in New Brunswick. I am certainly not in support of a 25 year lease to the nuclear industry and NBPower.

Thank you,

Alex Good
