RE: Point Lepreau Operating License Renewal – 2022 H-02

Pursuant to the Regular Meeting of Riverview Town Council held on Monday, March 14, 2022, the members of Council agreed to submit a letter of support in conjunction with the application being submitted by NB Power Corporation to renew their license to operate the Point Lepreau Nuclear Generating Station.

The Town of Riverview strives to promote active living and sustainability in order to foster environmental accountability. The Town recognizes that for nearly four decades, NB Power has also trying to make a difference by generating safe, clean electricity at the Point Lepreau Nuclear Generating Station. The refurbishments made in 2012 to the Station's major components resulted in the continuation of it being a key contributor to the province's clean energy mix being generated for New Brunswickers at a low cost.

We recognize that Nuclear power is one of many ways to reduce greenhouse gasses and provide greener energy to the province. The Town of Riverview formally supports NB Power's request to renew its operating license for the Point Lepreau Nuclear Generating Station. We trust that you will consider their request favourably.

Yours truly,

A handwritten signature in blue ink, appearing to read "Andrew LeBlanc", is written over a light blue rectangular background.

Andrew LeBlanc,
Mayor
Town of Riverview
