Re: Support for Ontario Power Generation's License Renewal Application

To Whom It May Concern,

On behalf of Hearth Place Cancer Support Centre, I am writing to express our support for Ontario Power Generation's application to renew its license for continued operations in Clarington.

Ontario Power Generation has been, and continues to be, an advocate of Hearth Place. Over the years OPG has supported programs and events that allow our members who are living with cancer to receive the support they seek during this difficult time in their lives free of charge.

We are the only cancer support centre from Toronto to Kingston and north. Over the years, we have developed a strong working relationship with OPG and their staff.

We are confident that OPG will continue to be an important community partner that strives for outstanding safety and environmental commitment to the residents of Clarington.

Hearth Place fully supports the renewal of OPG's license for a 30-year term, and we look forward to our continuing relationship with the company and their employees.

Debbie Dawson
Community Engagement Officer
