Re: Support for Ontario Power Generation's License Renewal Application

To Whom It May Concern,

On behalf of the Clarington Public Library Board, I am writing to express our support for Ontario Power Generation's (OPG) application to renew its license for continued operations in Clarington.

OPG is a major employer in our municipality and a valued community partner. Over the years, OPG has demonstrated a deep commitment to the wellbeing of our community, generously supporting a wide range of local initiatives including us at the Clarington Library, Museum & Archives (CLMA). Their contributions have enabled us to deliver innovative programs, preserve our local heritage, and enhance access to educational and cultural resources for residents of all ages.

We are confident that OPG will continue to operate with the same high standards of safety, community engagement, and environmental stewardship that have characterized their presence in Clarington to date. For these reasons, the Clarington Public Library Board supports the renewal of OPG's license for a 30-year term.

Sincerely,

Tenzin Shomar
Chair, Clarington Public Library Board
