**RE: Submissions for the Denison Mines Corp. Public Hearing 2025-H-09 on the
Wheeler River Project**

Commission Registry,

On behalf of Denison Mines Corp. (Denison) please find enclosed Denison's substantive written submission, in support of the public hearing 2025-H-09 for the Wheeler River Project Environmental Assessment, and Licence to Prepare a Site for and Construct a uranium mine and mill.

In accordance with the requirements of rule 15 of the Canadian Nuclear Safety Commission (CNSC) Rules of Procedure, Denison has included the supporting documents and reference materials previously provided to the CNSC staff (Documentary Material) and noted in the Denison written submission. The Documentary Materials are intended to support the Commission's review and decision-making process for the Wheeler River Project and have been listed in the attached table.

Please note that a submission under rule 12 requesting confidentiality of several Documentary Materials was filed with the Registry on August 8.

In support of the public hearing, Denison has additionally provided an updated Indigenous Engagement Report (IER), current to August 2025. The previous IER was submitted to CNSC staff in November, 2024 accompanying the Final Wheeler River Environmental Impact Statement.

Should you require any additional information or clarification, please do not hesitate to contact me at jswitzer@denisonmines.com.

Regards,

Janna Switzer
Vice President, Environment, Sustainability and Regulatory
Denison Mines Corp.

Cc: Candace Salmon, Jude Samson, Annik Tanguay (CNSC)
David Cates, Kevin Himbeault, Carolanne Inglis-McQuay, Brianne England, Ryan Nagel (Denison)
