To Whom It May Concern,

I am writing this letter in strong support of NexGen Energy and their continued work within our region. NexGen has consistently demonstrated transparency, respect, and a genuine commitment to building meaningful relationships within our community.

Over the past 8–10 years, NexGen has been an incredible supporter of SRC and our programs. One of their most impactful contributions has been their ongoing support of our student workers, covering wages and helping provide valuable employment opportunities for local youth. This long-term commitment has made a lasting difference for many families and students in our community.

In addition, NexGen has generously donated hockey equipment, ensuring that our youth are able to participate in sports regardless of financial barriers. They also took on the significant cost of repairing our arena lighting, an investment which greatly improved safety and usability of the facility for everyone.

Beyond financial support, NexGen is consistently present and engaged. They assist with every community event we run and are highly visible in the community, often hosting community barbecues alongside our events. Their staff are approachable, respectful, and genuinely invested in the well-being of our people.

NexGen's actions clearly show that they are not just working near our community, but with our community. Their ongoing support, transparency, and willingness to step up when help is needed make them a valued and trusted partner.

On behalf of SRC, I would like to sincerely thank NexGen Energy for their continued dedication and support. We fully support their work and look forward to continuing this positive relationship for many years to come.

Sincerely,

Kendra Gilbert
La Loche SRC Chairperson
