JANUARY 24, 2018

# PRESENTATION TO CNSC HEARING RE: CHALK RIVER SITE RELICENSING

# Gratitude for Listening to the Public Concerns

WHO AM I? AND  
WHY DO I CARE?

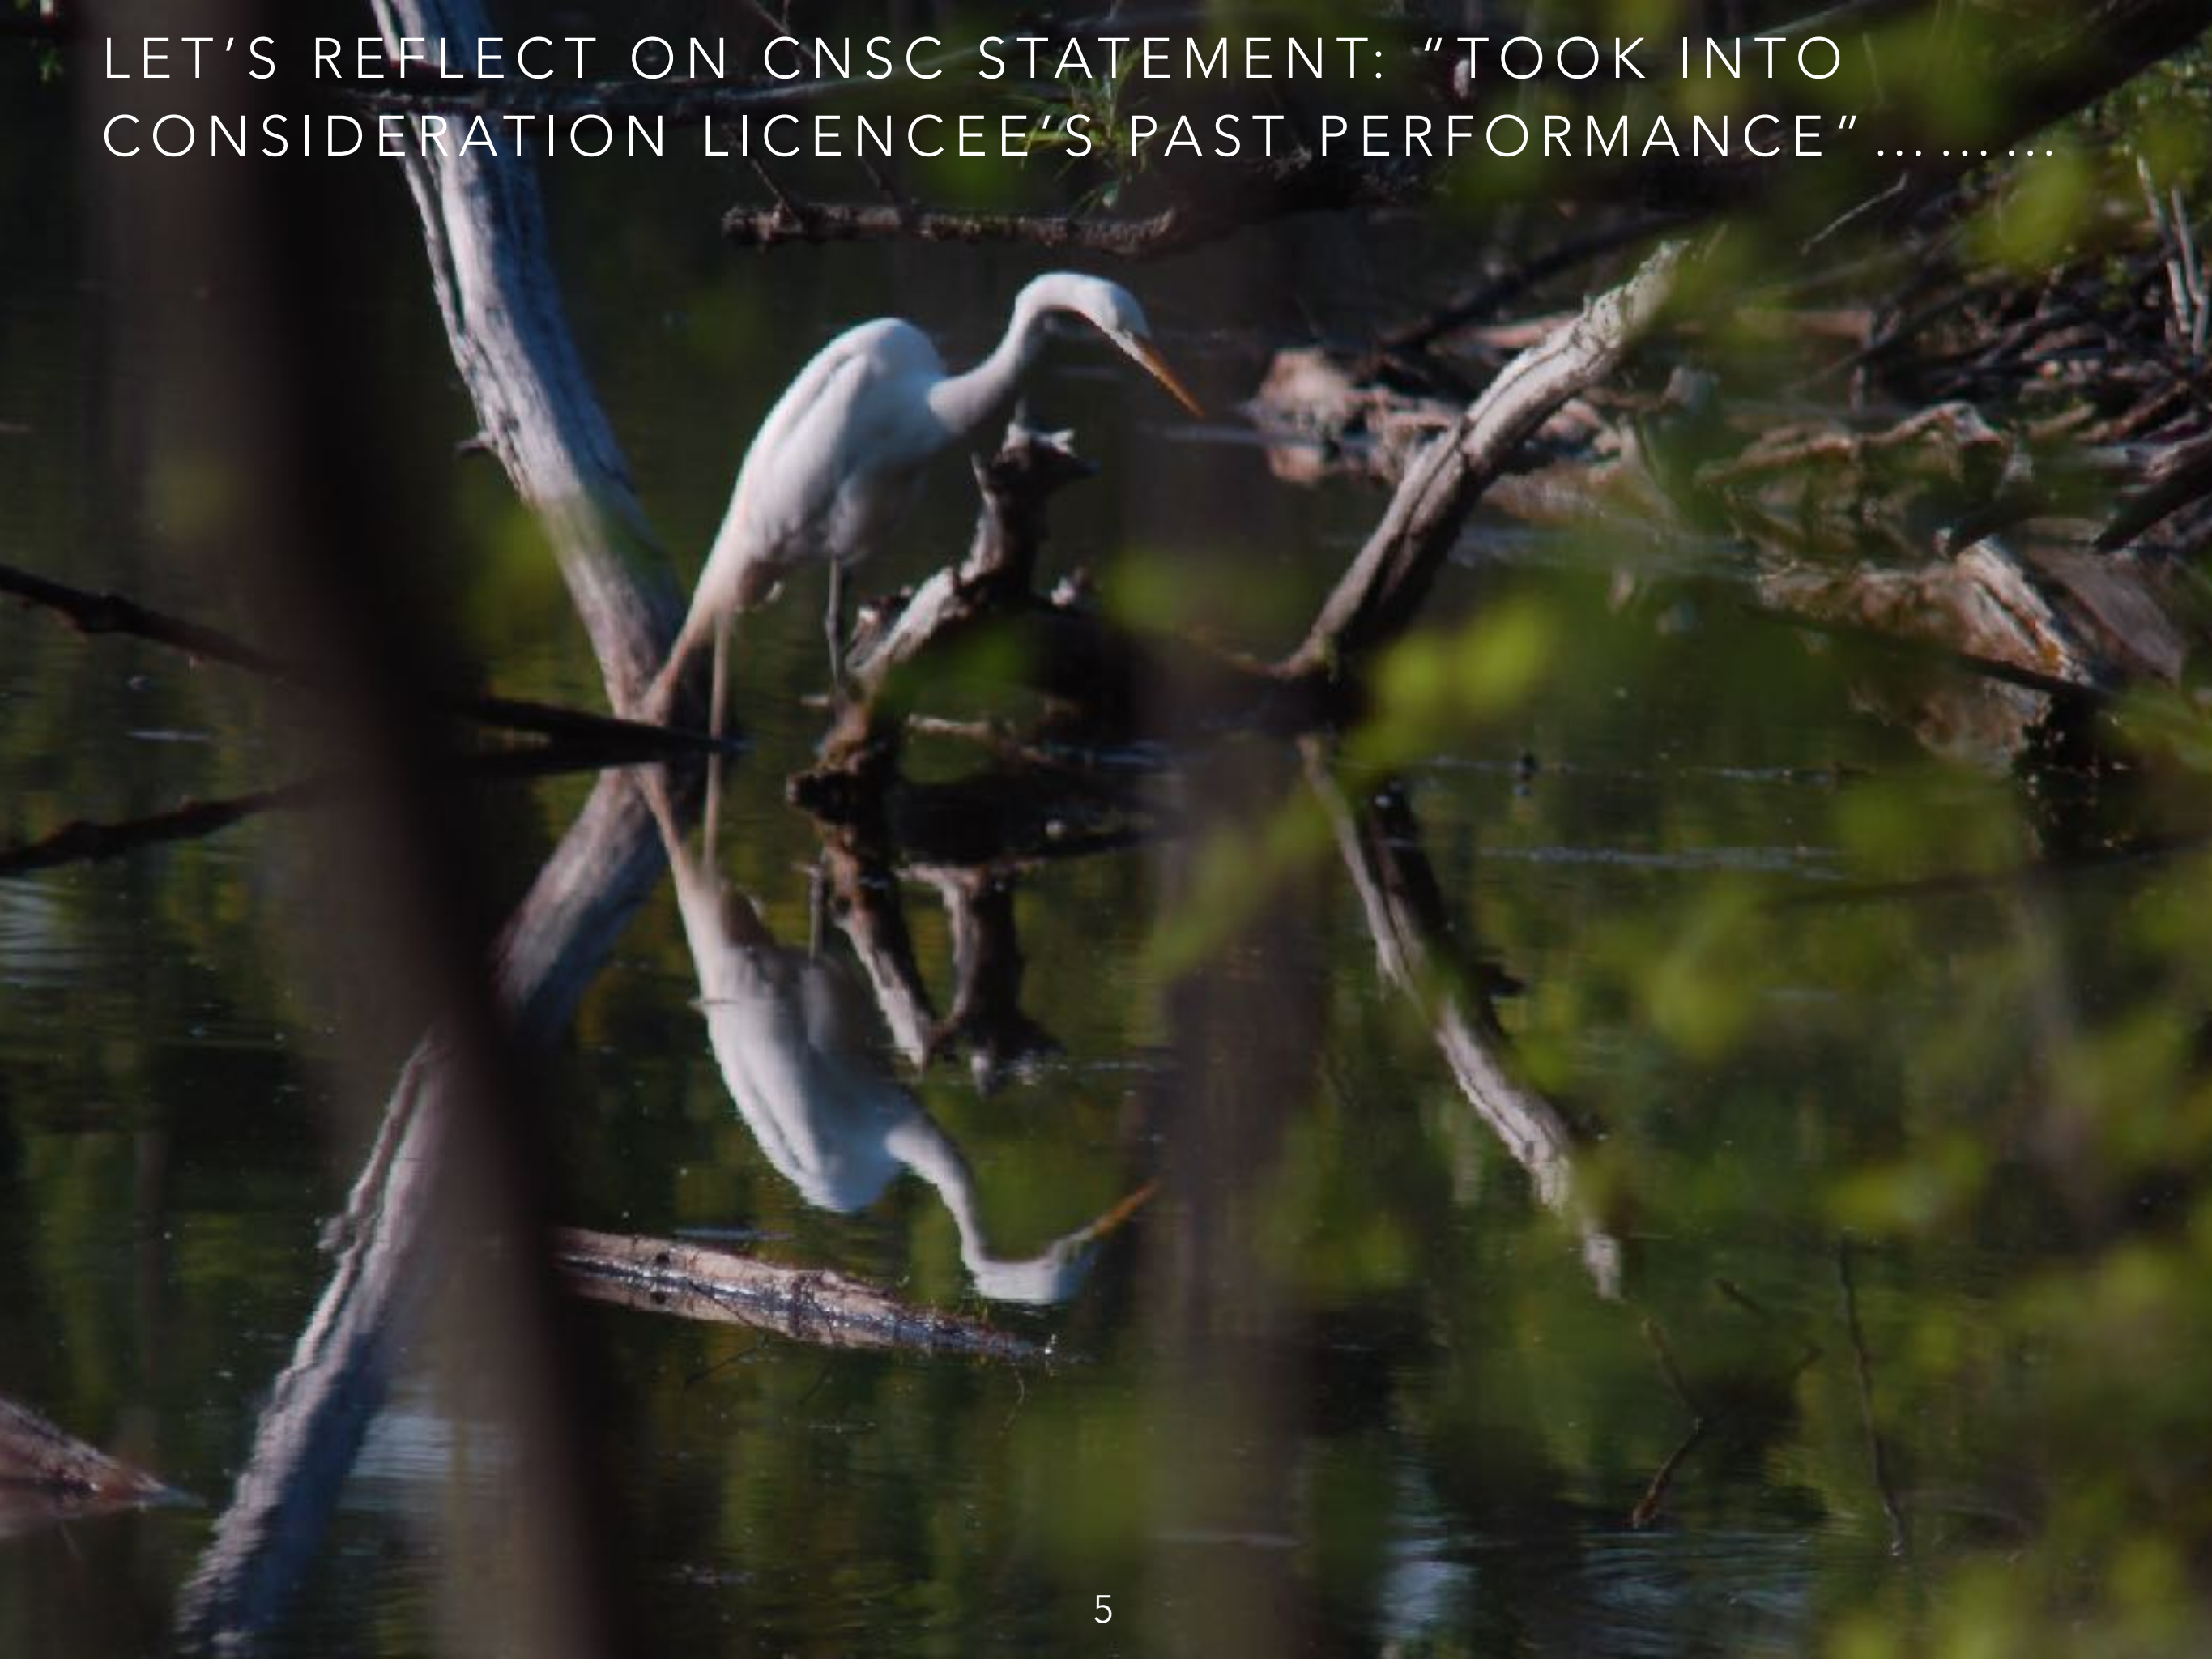

The background of the slide is a photograph of a sunset or sunrise. The sky is filled with layers of clouds, illuminated from below by the sun, creating a vibrant orange and red glow. The lower part of the image shows a dark silhouette of a landscape, including a body of water that reflects the sky's colors, and a dark building or structure on the left side.

Main concerns are:

10 year licence period

weakening of safety components in the new licence

LET'S REFLECT ON CNSC STATEMENT: "TOOK INTO  
CONSIDERATION LICENCEE'S PAST PERFORMANCE" .....

ARE THERE  
OBSCURE  
REASONS  
FOR THE  
LICENCE  
CHANGE  
REQUEST?

WHY THE REQUEST TO TAKE A DIFFERENT PATH BY REDUCING  
SAFETY AND ENVIRONMENTAL ELEMENTS OF THE LICENCE?

INDEPENDENT BUT NEVER ALONE, STILL  
REQUIRES SUPERVISION EVEN WITH  
SAFEGUARDS IN PLACE....

CNSC CANNOT RUN AWAY FROM THEIR RESPONSIBILITIES....

# HEADING INTO THE UNKNOWN

CIRCUMSTANCES CAN CHANGE  
RAPIDLY.

CNSC  
MUST  
REMAIN  
DULY  
DILIGENT

Summary:

1. Two year maximum for licence
2. Reinststate safety components of the original licence

POINT THE WAY FOR THE NEXT  
GENERATION.....THEY DESERVE SAFETY FIRST!!

Thank You

BE THE CHANGE YOU WISH TO SEE IN THE WORLD:  
*GHANDI*
