April 12, 2017

The Canadian Nuclear Safety Commission (CNSC) offered funding under its Participant Funding Program (PFP)-support for CNSC meetings on matters of regulatory interest process, to facilitate a meeting on March 7, 2017 between the Métis Nation of Ontario- Georgian Bay Traditional Territory Consultation Committee and CNSC staff. The meeting was to discuss Bruce Power’s *Fisheries Act* authorization process and Ontario Power Generation’s Western Waste Management Facility licence renewal.

The information gathered from the meeting will be included in a relevant Commission member document, to bring any valuable information gathered to the Commission’s attention. The deadline for submitting the participant funding application to the CNSC was January 25, 2017.

Background

Participant funding was made available by the CNSC to:

- enhance Aboriginal and stakeholder participation in the CNSC’s regulatory oversight and licensing processes;
- help stakeholders bring valuable information to the Commission

A funding review committee (FRC), independent of the CNSC, was established to review the funding applications received by the CNSC’s PFP administrator, and to make recommendations to the CNSC on the allocation of up to \$1,702.37.

The FRC member was Mr. Guy Riverin, environmental assessment expert and retired federal public servant.

The CNSC received one PFP application requesting \$1,702.37, and this was reviewed by the FRC.

Eligibility and funding criteria

For more information on participant funding and how it works, including details on eligibility and funding criteria, please read the [Participant Funding Program Guide](#).

CNSC participant funding decision

The CNSC carefully considered the FRC’s recommendations on the allocation of participant funding for the Métis Nation of Ontario to meet with CNSC staff, and approved the reimbursement of up to \$1,702.37.

Applicant	Maximum amount of available funding
1. Métis Nation of Ontario	\$1,702.37
